# Rustic Elegance

THE BLUEPRINT FOR YOUR MOUNTAIN LIFESTYLE

US \$7.95 CAN \$10.95 Spring Edition 2007

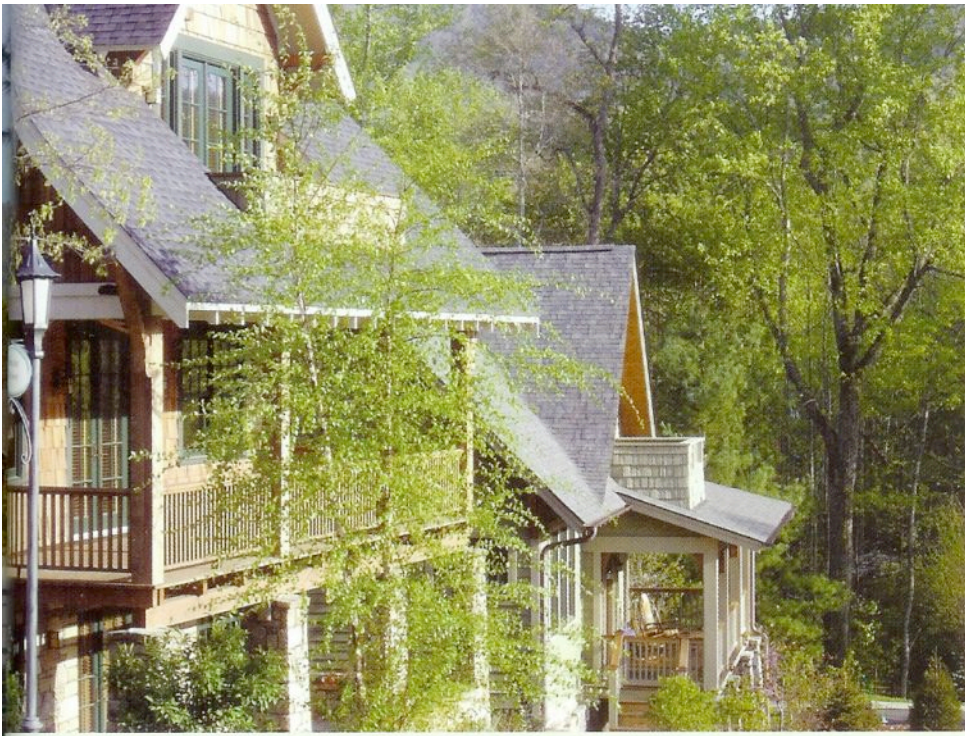

The Art of Living

Old California Lanterns

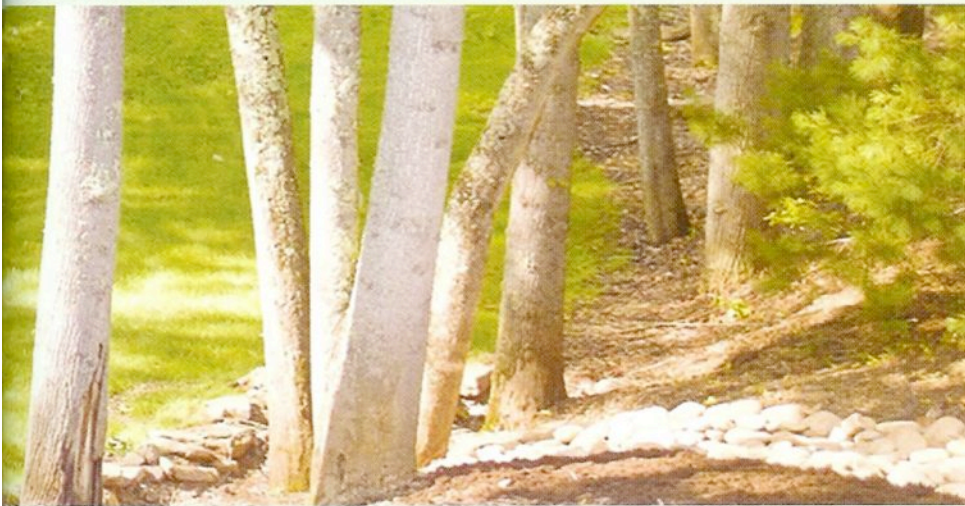

Rustic Element Preservation

### **Iron, Wood, Stone**

Each home in Cheshire is crafted from the finest materials and boasts unique architecture, completing the harmonious atmosphere of the village. Ryan McLellan and Copperwood Builders of Black Mountain, North Carolina pay close attention to the details that make each house a work of art—granite countertops, cedar shingles, wrought-iron detailing, large front porches and fireplaces crafted of native stone. “We truly believe in the concept of Cheshire and are proud to be a vital part of creating these memorable homes, says McLellan. “This is truly a remarkable experience!”

### **Work, Play, Live**

The Village Center is bustling with the sound of conversation and live music. Master-planned retail and office spaces are located next door to a restaurant and cafe—all within walking distance of most homes. You can spend a day on Cheshire’s meandering paths, parks and commons picking blackberries with the kids, playing a pickup game of football or walking down to purchase fresh items from the market.

### **Fitness, Spa, Tennis**

Dedicated to promoting a healthy lifestyle, Cheshire offers a wide range of fitness and sports activities. The Cheshire Fitness & Racquet Club offers tennis lessons and clinics, exercise classes and nutrition courses, as well as a pool and spa. Play tennis indoors or out, and take advantage of the lit courts at night. Biking and hiking trails wind throughout the community, surrounded by the wild beauty of the Blue Ridge Mountains.

### **Retreat, Relax, Refresh**

Indulge yourself with all the luxurious amenities of a mountaintop resort. Whether for a special occasion or simply a chance to relax, guests may choose from the master-planned Lodge, the cozy Bed & Breakfast or one of the secluded cabins or Tree Houses. The Chapel will be the perfect setting for a romantic, intimate wedding. The Blue Ridge Parkway, historic Black Mountain and the city of Asheville are just minutes away.
